## FROM THE MANAGER'S DESK

### PENNSYLVANIA AMERICAN WATER COMPANY TAKES CONTROL OF YORK CITY WASTEWATER COLLECTION SYSTEM AND TREATMENT PLANT

On May 27, 2022, Pennsylvania American Water Company (PAWC) became the owner and operator of the York City Wastewater System. There have been some initial meetings with PAWC and the transition is running smoothly. Sewer service will continue to be provided by York Township. Residents with questions about bills or service should continue contacting the Township.

### BRUSH PROCESSEING EQUIPMENT FAILURE

In late May 2022, the Township's brush processing equipment had a major failure due to inappropriate material hidden in the brush pile. Repair parts arrived late July, and as of this writing, repairs were anticipated to be completed by early August. As a result of this damage, the Township re-evaluated the brush drop-off program. The Township realizes the value of this service to the Township residents, but small changes need to occur.

### NEW BRUSH RECYCLING GUIDELINES

Beginning Friday, September 30, 2022, the brush site hours will change. The Township will accept brush from Fridays at 3:30 pm until Mondays at 7:00 am (weekends only!) York Township only accepts brush from Township residents as part of our recycling efforts. Please be prepared to confirm Township residency.

Brush recycling is intended to clean up small amounts of debris from only Township residential properties. The program is not intended to accept large tree removal projects. For large projects such as removing entire trees, residents should employ the services of a commercial contractor. If you have large amounts of material to dispose of, please contact a tree service or the York County Solid Waste Authority at 717-845-1066.

Brush is defined as tree limbs and shrubbery **no larger than 6 inches in diameter and 6 feet in length**. We ask that you participate in this program responsibly by only dumping brush that our machine can safely process. **Items such as garbage, construction debris (lumber, plywood, concrete, metal etc.), stumps, stones, grass clippings, etc. are prohibited as they will cause damage to the machine.**

### No commercial dumping (Landscaping and tree service companies, etc.)

All other material and items you see beyond the gate are for Township use only and are not meant for the general public to use or take. If you see a violation, please report it to the Township or York County Regional Police Department. **The site is under constant video surveillance.**

## **SHENTEL GLO FIBER HIGH-SPEED INTERNET SERVICE CONSTRUCTION STARTED**

Starting August 1, 2022, Shentel Communications and its contractors started the installation of their Glo Fiber optic network to provide fiber internet, phone, and television services within York Township. Shentel's planned buildout is estimated to be completed by the end of the year. Representatives from Glo Fiber will be placing door hangers at the properties in each construction area prior to work commencing.

## **DEPARTMENT OF PUBLIC WORKS**

194 OAK ROAD • DALLASTOWN, PA 17313 • 717-741-3861 x170

### **LEAF COLLECTION**

*THE 2022 LEAF COLLECTION WILL TENTATIVELY START AROUND THE MIDDLE OF OCTOBER AND END AROUND THE BEGINNING OF DECEMBER.*

Residents who wish to participate should place their leaves in piles next to the curb (or at the edge of the street). **Do not** mix tree limbs, grass, shrubs, hedge trimmings, concrete block, brick, or any other foreign material in the leaf pile. Leaves will not be collected if foreign objects are mixed in with the pile. Our crews typically cover every Township public road four to five times a season. Depending on the volume, it may take as long as two to three weeks between visits.

### **YORK TOWNSHIP WINTER MAINTENANCE POLICIES**

#### **OVERVIEW**

The objective of the York Township Department of Public Works winter maintenance program is to provide safe roads to the traveling public.

### **WINTER MAINTENANCE PROCEDURES**

We divided all Township roads into routes. An operator with pre-determined equipment is assigned to one of these routes. The majority of the time this is the standard deployment, however, depending on the conditions, we may only deploy 6 operators to treat the snow emergency roads or what is designated as the priority routes. Snow emergency roads are posted with signs and are designated as such due to factors of high traffic volume, steep grades, and areas with limited access or close proximity to the Schools, Police, Fire and Medical Facilities.

Prior to the storm, you may notice the pre-treating of certain priority roads with liquid brine. The brine is a specific concentration (23.3%) of sodium chloride that lowers the freezing point of water. Although we would like to pre-treat all of our roads, it's just not possible due to time and equipment availability. When appropriate, we plan to pretreat all of the snow emergency routes with liquid brine.

### **SNOW EMERGENCIES**

On rare occasions, a snow emergency will be declared. The initial focus will be on the priority (snow emergency posted) roads. The snow emergency declaration will be broadcast on the local radio and television stations and will be posted on the York Township website. Again, all snow emergency streets are identified with signage. After the snow emergency is declared, it shall be unlawful at any time during the continuance of the emergency for any person:

1. To park a motor vehicle or to allow that vehicle to remain parked anywhere on any snow emergency routes designated; or
2. To operate a motor vehicle on any such snow emergency route in such a manner or in such a reasonable condition as to allow or permit such vehicle to become stalled on such route, either by reason of the fact that the driving wheels of such vehicle are not equipped with tire chains or effective tires or by reason of the fact that the motor fuel supply of such vehicle has been allowed to become exhausted.

Please be aware that failure to abide by the above is a violation of a Township ordinance and may result in fines and / or towing costs. For a complete listing of the streets and a full text of the ordinance, please visit the Township website.

## DEPARTMENT OF PUBLIC WORKS

### STATE ROADS

Many roads within York Township are owned and maintained by PennDOT. Refer to our website for a list of all state roads. PennDOT has their own policies and procedures for winter maintenance. Please contact the local PennDOT maintenance office at 717-848-6230 for assistance. York Township does not perform winter maintenance on any state roads.

### EMERGENCIES

If you notice an emergency with sanitary sewers, roadways, or stormwater facilities, please call the Public Works Department from 7:00 am to 3:30 pm Monday through Friday at 717-741-3861 x170.

**Check our website at [www.yorktownship.com](http://www.yorktownship.com) or call the Public Works Department at 717-741-3861 x170 for questions or concerns. For after hours emergencies dial 911.**

### MAILBOXES and DRIVEWAYS

York Township WILL NOT compensate property owners should their mailbox, or any other object become damaged due to the removal of snow from Township roads. Any object placed in the road right-of-way, including a mailbox, fence, landscaping, etc. is at the owner's risk. The public right of way is on average 50 feet wide (25 feet from the center of the roadway).

It is suggested that you wait until after all plowing is complete before shoveling out the end of your driveway. If you do shovel out before the plows have come through, try to clear a spot upstream of your driveway. This will allow the snow from the plow to unload before the driveway. It won't prevent all snow from going back in front of your driveway, but it will reduce the amount. The snow must be plowed from the street, therefore, all driveways and properties will be affected to some degree.

## STORMWATER

### STORMWATER POLLUTION PREVENTION: YARD WASTE

Yard waste, including leaves and other organic plant material like shrubbery trimmings and grass clippings, are a significant source of stormwater pollution. When lawn waste is blown into the street, it can clog storm drains and cause drainage and flooding issues. Storm drains are not connected to the wastewater system, therefore there is no treatment to remove the debris from the water source before it reaches nearby lakes, streams, etc.

**Why are grass clippings and leaf litter harmful?** As this waste breaks down in our local waterways, it adds excess nutrients like nitrogen and phosphorus to the water. This leads to unwanted and uncontrolled growth of algae and native and non-native aquatic weeds.

**What is so bad about algae?** Algae will naturally occur in lakes and ponds, but excess nutrients can lead to high levels of algae growth. Apart from looking unsightly, excessive algae blooms can block out sunlight and deplete the oxygen level in the water, which can lead to fish kills.

#### **What can you do to protect water quality while keeping your yard maintained?**

- ✓ Mow your lawn often enough so no more than one-third the length of the grass is removed. Taller grass has deeper roots which prevent soil loss and help rain soak into the ground.
- ✓ Leave clippings on the lawn or compost them. Be sure to sweep or blow clippings off paved surfaces and back onto the lawn. **Intentionally blowing or placing lawn waste in the street is a violation of Section 701 of the Township's Stormwater Management Ordinance.**
- ✓ Fertilize only when necessary, or not at all if it might rain in the next day or two.
- ✓ In the fall, place leaves for municipal collection along the curb – not in the street.
- ✓ Clean up after your pets. Scoop up pet waste and put it in the trash.
- ✓ Directing your roof drains to a rain garden can significantly reduce the stormwater runoff from your property, along with use of other Best Management Practices (BMPs).

Additional information regarding our Stormwater Management Program can be found at [www.yorktownship.com/our-township/stormwater/](http://www.yorktownship.com/our-township/stormwater/). Any questions or comments can be submitted by calling 717-741-3861 x115 or emailing [stormwater@yorktownship.com](mailto:stormwater@yorktownship.com).

## ZONING

### ORDINANCE REVIEW – KEEPING OF LIVESTOCK AND DOMESTIC PETS

Before bringing home any type of livestock, such as chickens and goats, please call the Township to determine if your property meets the requirements of the Zoning Ordinance. Noncommercial Keeping of Livestock is permitted in the RA District as an accessory use and is permitted by special exception in the RL and RM Districts as an accessory use, subject to additional regulations, including, but not limited to: minimum acreage (2 acres minimum in most cases), number of animals per acre, and setbacks for shelters. Domestic pets are allowed in all Districts and, in most cases, are considered those animals which are kept within a dwelling and would be locally available for purchase at a pet store.

### BACKYARD ENTERTAINING

Backyard entertaining areas are continuing to be a popular trend for homeowners, and gas and charcoal grills, outdoor fryers, and firebowls and chimneas are very popular accessories. While most outdoor burning is prohibited in the Township, these accessories may be used if the proper precautions and manufacturer instructions are strictly followed. If you have any questions regarding the use of these types of backyard accessories, please feel free to contact the Township office.

# YORK TOWNSHIP EMERGENCY MANAGEMENT AGENCY

## STAYING SAFE IN CROWDS

Many types of activities can put us in situations where we are part of a crowd, either indoors or outdoors. This usually does not create a danger to us, but crowd behavior can be unpredictable, and can turn dangerous quickly. An unexpected loud noise, flashes of light, the smell of smoke, or visual effects resembling fire can trigger unsafe behavior. Warning signs of unsafe crowd activity include surges, compression, pushing, and chaotic shouting. Be aware too that any crowd is also a possible target for a violent agent.

There are some techniques that you can use that will help ensure that you remain safe while in a crowd. The more of these techniques that you can put into practice, the more you decrease your risk of injury.

### PREPARING (before)

- Motorcycle safety says, dress for the slide not the ride. In a crowd, dress for the run, not the fun. Avoid large dangly jewelry or clothing. Wear sturdy shoes with traction, and carry as little as you can.
- If allowed, have a water bottle (to stay hydrated) and a bandana to cover your nose and mouth if smoke develops. Consider taking a snack if you need to regulate blood sugar.
- Have a plan to connect with your companions if you become separated. Pick a reunification spot outside of the venue to meet up.
- Small FRS radios are great for communication (if an emergency develops, cell service may be unreliable). Fully charge all devices ahead of time.
- Ear plugs can protect your hearing if the event will potentially have amplified sound / speakers.
- If you have drug allergies or a medical condition, write this information on your forearm (but not if you are allergic to ink!). Rubbing alcohol will remove most ink (test first).

### AWARENESS (before + during)

- Before the event begins, make a visual survey of the location.
- Does it look like there are too many people in a confined space?
- Does anyone look suspicious, either by the way they are dressed or what they are carrying?
- Are EXIT signs clearly visible?
- Verify that EXIT doors are not chained closed, and unless they are marked as FOR EMERGENCY EXIT only, make sure the doors nearest you open.
- Maintain awareness during the event that the number of participants remains safe and that no threatening crowd behavior is developing.

### POSITIONING (during)

- Use restrooms \*before\* the intermission or break to avoid that rush.
- Near the speakers is a poor choice for your long-term hearing.
- Try to maintain space around yourself (approximately 2-3 ft around you). If the crowd begins to compress, this is becoming unsafe and you should find a place where you can maintain space.
- Safer positioning is toward the crowd edges or near a marked EXIT. If you see warning signs developing, slowly move yourself toward the edge or the exit.

### EVACUATION (during + after)

- If you must evacuate, listen for Crowd Manager instructions and follow them. If no one is providing instructions, proceed calmly to the nearest exit.
- Do not push or shove others.
- Do not endanger yourself solely to stay near your companions.
- Continue to move away from the area, don't stop right outside of the place as others need space to move into.

### **GOLDEN CONNECTIONS SPONSORSHIP PROGRAM**

The GCCC has seen great success in the new Center Sponsorship Program this year. The Sponsorship Program enables businesses in our community to branch out to our older population, who often do not venture far from home. Businesses in the community can purchase a sponsorship from the Center and then we will aid them in promoting their company within our Center and activities. Profit from the sponsorship will go to benefit the Center's programs. The Sponsorship Program serves both the local businesses and the senior population. Businesses are able to connect with older adults and the older adults receive not only great information and opportunity to learn more about services offered, but also are able to continue enjoying the programs and activities offered at the Center that these sponsorships funded. If you have an interest in becoming a sponsor, contact Kasie Ream, Director of Social Services, at 717-244-7229.

### **WHAT DOES THE GOLDEN CONNECTIONS COMMUNITY CENTER OFFER?**

Since our founding, the goal of the GCCC has been to assist and empower the older adults of the Red Lion and Dallastown Area to remain part of a thriving community environment for as long as they are willing and able. The COVID-19 Pandemic has offered many challenges throughout the past year, but the GCCC has thrived and adapted to the changes. The GCCC will continue to offer outdoor and virtual classes as it moves towards a reopening plan to welcome members back into our facility. For a full list of programs and activities, please visit the GCCC website at [www.gcccenter.com](http://www.gcccenter.com) or contact the Center directly at 717-244-7229. Activities include those that respond to the social, cultural, economic, emotional, and physical needs of the older adult, thus encouraging independence, stimulating growth, alleviating loneliness, and providing volunteer opportunities. Counseling, referral services, and provision of home delivered and congregate meals are also an important part of our mission.

You can visit the GCCC Monday through Friday from 8:30 am to 2:30 pm or visit our website at [www.gcccenter.com](http://www.gcccenter.com).

### **RENTALS**

Looking for a space to rent for your family reunion, baby shower, birthday party, or any other upcoming event you plan on throwing, then look no further. The GCCC offers space to rent for all types of events. You can rent our building, which offers two spacious rooms and access to tables and chairs for only \$50.00 per hour. The officers and staff of NE Regional and York Area Regional have been learning the needs of the new communities as we transition into one team.

### CONGRATULATIONS OFFICERS

The Police Department welcomes Officer Ryan Henry, Officer George "Chip" Rupp, and Officer Gabriel Rimolo who are all new to YCRPD. Welcome to the team and the community.

### COMMISSIONER GRANHOLM

We would like to thank Albert C. Granholm for his dedication and service to York Area Regional and York County Regional. He served as a commissioner from 2012 to 2022 and was instrumental in the creation of the new department.

### MOUNTED HORSE UNIT

We are in the process of creating a Mounted Unit for additional safety during planned events, protests, and crowd formations. One horse and rider can do the work of several foot patrol officers while also allowing the mounted officer a visual height advantage over the crowd. This allows for a faster response and therefore a safer environment for everyone. We would also love to share the experience with the public by allowing stable visitations of the horse(s) and officers. This unit can only be possible with the support of our civic organizations, donations from businesses, persons involved in the equine industry, and supporters of law enforcement. Please check out our website to see how you may be able to assist. [www.ycrpd.org](http://www.ycrpd.org)

### CRIMEWATCH CAMERA REGISTRY

Turn Your Camera into a Crime Fighting Tool. Help us in preventing and solving crime using your security camera. It is simple, if an incident occurs near your device, we can identify and quickly request footage that may assist in an investigation. It is free, it is safe, and secure – at no time will the police have access to your camera without your permission.
